The Montclair Foundation (TMF) is a 501 (c) (3) charitable organization that was established in 1979 with a mission to support local nonprofits with grant funding. Since then, The Foundation has nurtured our unique community and has invested \$2.9 million in grants to over 100 organizations and programs that make Montclair a wonderful place to live.

Needs change over time and the dexterity of The Montclair Foundation's grantmaking has allowed it to address important priorities within our community, such as food insecurity, education, the arts, and mental health and well-being.

In 1993 The Montclair Foundation was gifted Van Vleck House & Gardens (VVH&G) by the Van Vleck family. Over the last three decades, the generous support and hard work of countless donors and volunteers has made it possible for the public to enjoy this beautiful, quiet green space in the heart of Montclair, free of charge, almost every day of the year.

The Foundation raises funds to preserve the House & Gardens, and to provide a broad range of programs and events for children, families and adults designed to engage, inspire, educate and entertain.
